Mailscape V4.2 Delivers Enhanced Exchange Reports

Accompanying White Paper Describes the Business Value of Exchange Reporting

[Orange, CA – Monday, 14 January 2008]

ENow Inc, innovative leaders in the development of software to simplify Microsoft Exchange system management, today announced the formal launch of Mailscape V4.2.

Mailscape is a unique and innovative systems management tool that automates and streamlines Exchange monitoring, reporting, and administration. The highly-anticipated launch of V4.2 includes many new and enhanced reports to help administrators to optimize system performance and senior executives to make well-informed planning and budgetary decisions.

“Mailscape is the cumulative result of a decade of experience in managing Exchange using both manual processes and third-party point solutions,” says ENow’s Principal Architect JP Gundotra. “It was designed by Exchange administrators for Exchange administrators. We built Mailscape to make our jobs—and yours—easier.”

“I would have to say that Mailscape is the most impressive and intuitive Exchange tool I’ve ever seen. It’s a MUST for any IT team managing Exchange,” says Brian Scott, IT Manager for Twistbox Entertainment.
