

FOR IMMEDIATE RELEASE

NETsec Will Feature Mailscape at CeBIT 2008

See Mailscape in Action in Hall 4, Booth F80/3, March 4 – March 9

[Orange, CA – Monday, 28 January 2008]

ENow Inc, innovative leaders in the development of software to simplify Microsoft Exchange system management, is pleased to announce that Mailscape will be on display at CeBIT 2008, the world's largest technology trade show.

Mailscape is a unique and innovative systems management tool that automates and streamlines Exchange monitoring, reporting, and administration.

Mailscape will be presented at CeBIT by NETsec GmbH, Mailscape's distributor in all German-speaking countries.

"We are excited by the opportunity to introduce Mailscape to more than 400,000 CeBIT attendees," says Hans Willi Kremer, NETsec's Managing Director. "If your business relies on Microsoft Exchange, then you need Mailscape. It is the best combination of Exchange reporting and monitoring features on the market."

"NETsec is the perfect partner to showcase Mailscape at CeBIT," says Dan Langille, Enow's Director of Sales and Business Development. "Mr Kremer and his team are experts in Exchange and Active Directory—they understand the technical benefits of Mailscape and are able to explain the business value of deploying our software."

Visit NETsec at Booth F80/3 in Hall 4 to learn more, or visit www.mailscape.de.

About ENow Inc

ENow is a Microsoft Gold Certified Partner specializing in high-end Exchange consulting and the development of software to simplify Exchange system management. The company's flagship product is an innovative utility called Mailscape that provides administrators with a 'one-look dashboard view' of the entire Exchange environment.

About NETsec GmbH

NETsec, a Microsoft Gold Certified Partner and expert in Active Directory and Exchange, is exclusive partner of ENow, Inc. regarding sales, consulting, and support for all German-speaking countries. The company is dedicated to security products and reselling best-of-breed software that adds powerful new features to Microsoft Exchange.
