## **ENow Announces Platinum Sponsorship of TechMentor Orlando 2010**

**[Los Angeles, CA – Tuesday, 23 February 2010]**

[ENow](#), a Microsoft Gold Certified Partner specializing in high-end Exchange consulting and the development of software to simplify Exchange system management, announced its Platinum Sponsorship today of TechMentor Orlando 2010 being held March 8-12 at the Hilton in the Walt Disney World Resort. The ENow booth will be located in the foyer of the Palm Ballroom.

TechMentor focuses specifically on real-world solutions that IT professionals can utilize now for both current and emerging technologies. Industry leaders such as Mark Minasi, Don Jones and Greg Shields will be conducting in-depth seminars on a variety of poignant topics, including Microsoft R2 technology, Virtualization, and Exchange and Unified Communications.

“We are very excited to sponsor an event like TechMentor that helps IT professionals take advantage of all the new technologies Microsoft has released,” commented Emily Swartz, ENow’s Business Development Manager. “This event brings together some of the best in the industry, and since we specialize in consulting and software development for Microsoft technologies, this sponsorship was a perfect fit. We look forward to being able to share our passion for these emerging technologies with this year’s attendees.”

As a Microsoft and Windows technology focused company, ENow utilizes its years of consulting experience coupled with feedback from its worldwide network of Exchange experts to develop award-winning systems management software. ENow is continually looking for ways to share their vast experience and knowledge with the greater IT community, and will be hosting a lunch-time focus group Tuesday March 9<sup>th</sup> on how to overcome the inherent challenges of providing reliable email services.

The company’s technical blog, the [ENow Solutions Engine](#), serves as a centralized portal of freely available tips, best practices and step-by-step tutorials on all the latest Microsoft and Windows technologies.
